Bluewater Industrial Cleaning Services, LLC (BICS) Awarded Contracts to Provide Services on
Projects in California, Iowa, New Jersey, New York and North Dakota

For Immediate Release

BICS was awarded the following contracts:

~Kiewit Power Constructors for the Scattergood Unit 3 Repowering project in El Segundo, CA. The Scattergood project will replace Scattergood Generating Station Unit 3 with a modern, state-of-the-art combined-cycle unit and simple-cycle gas turbine units for a total generation of 500 MW. BICS is providing Kiewit with Steam Blow Equipment Rental.

~Frank Lill & Son for the Iowa State University Stoker Boiler Replacement project in Ames, IA. The project involves the construction of an entirely new boiler house utilizing (3) Cleaver Brooks 150 kpph package boilers built to replace coal-fired capacity that was recently retired. BICS is providing Frank Lill & Son with Boilout, Fuel Oil Piggings & Flushing and Steam Blow Services.

~Bluewater Energy Solutions, Inc. and Falasca Mechanical Inc. for the Clayville Unit 1 project in Vineland, NJ. The Clayville Unit 1 project is a 64-megawatt, simple-cycle turbine that runs on natural gas. BICS provided Bluewater Energy Solutions, Inc. and Falasca Mechanical Inc. Ammonia System Air Blows, Demin Water System Flushing, Cooling Water System Flushing, Gas Line Piggings & Air Blows and FG Compressor & Generator Lube Oil Flushing.

~Bluewater Energy Solutions, Inc. for the US Salt Biomass Boiler Restart project in Watkins Glen, NY. BICS provided Bluewater Energy Solutions, Inc. Steam Blow Services.

~Bluewater Energy Solutions, Inc. for the Lonesome Creek Phase III project in Watford City, ND. Phase III of the project will include two additional 45-MW units. Targeted completion of Phase III construction is 2016. BICS will provide Bluewater Energy Solutions, Inc. Air Blow and Piggings Services.
